

LED 4W MR16 Lamp

KolourOne LED MR16 lamps deliver comparable light output to halogen lamps and should only be used with non-dimmable magnetic type low voltage transformers. As an environmentally friendly product LED MR16 lamps contain no harmful toxins and emit no UV or IR radiation. The lamp's robust design is very durable and resists damage in the event of impact. A variety of beam angles and color temperatures are available to meet many applications.

Features

- Direct replacement for halogen MR16 lamps (20~35W). Uses only 4 watts.
- Uniform luminance pattern
- Long "True" Life, 30,000 hours / High efficiency / Environmentally friendly
- Innovative Panel Array design
- Available in White or Gray finish
- No UV or IR radiation
- Non dimmable
- This product is registered with the US DOE Lighting Facts program
- 3 year warranty*

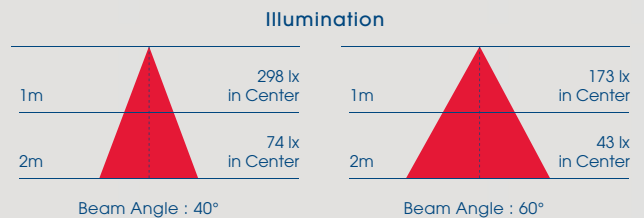

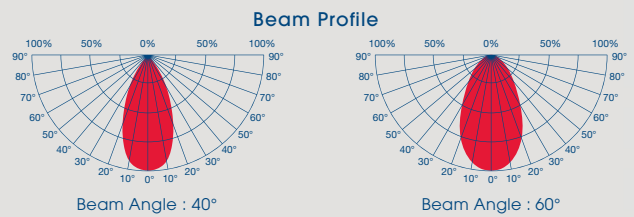

Applications

- Entertainment lighting
- Down lighting
- Display lighting
- Accent lighting
