STARFISH™

The SMART home lighting and control system created to enrich your quality of life through convenience and connection.

live life enlightened™
Welcome to STARFISH™

The simple, scalable, smart lighting solution brought to you by SATCO®. America’s lighting resource for over 50 years.

live life enlightened™

STARFISH™ smart lighting connects life and home together helping enhance convenience, security, atmosphere and wellness.

Through Wi-Fi, STARFISH™ synchronizes your life and your home using mobile and voice activated devices.

It’s easy and convenient; no hub required.

STARFISH™ is more than light control. It is an immersive experience able to sync your home and activities. Transition daily routines, add light for safety, color the atmosphere. STARFISH™ connects your home and life.
STARFISH™ includes a versatile selection of products that integrate into many of your home’s spaces.

We offer bulbs to fit many of your current household fixtures, retrofit and edge-lit remote driver downlighting in popular sizes. We make converting to a smart home easy!

Add ambience to your life with STARFISH™! Color changing light bulbs, tape lights that self-adhere to tight places and vibrant string lights that offer mobile pops of color all help to create an ever-changing kaleidoscope of lighted living.

STARFISH™ electrical components, including outlets and switches, help control other lighting products and small electronic appliances with your smart system; expanding your comfort, convenience and home connection.

There is so much smart to get started with!
CONNECTION & SET UP

Quick and easy. Install the product, open the app and connect. Set groups, room scenes and automations.

Start with one room, one floor, scale up as you feel comfortable.

SECURITY & INTEGRATION

Inside every STARFISH™ light and light fixture is a Wi-Fi enabled chip that is securely connected to a TLS 1.2 encrypted cloud platform to ensure the highest level of security and privacy protection including anonymous sign-in and encrypted connection.

The STARFISH™ app can be used on both iPhone and Android devices and integrates with Hey Google, Siri and Alexa for voice control. Also compatible with SmartThings™ for total home integration.
CONNECT ANYONE

Your STARFISH™ home allows for secure multi device and multi-user access. The whole family can connect, set scenes and personalize their space.

When you have guests they can enjoy the freedom of smart light control and you can set the parameters. Allow for control of a room through “device” selection, or give them control of the entire home. Guests can operate STARFISH™ without disrupting your settings or you can allow them to create their own settings—it’s up to you.

CONNECT ANYWHERE

Access your home through the STARFISH™ app with your secure login anywhere in the world. You are never out of touch.
SECURITY

Whether lighting your way for a sure-footed path or gaining peace of mind while you’re away, **STARFISH™** adds that extra layer of security through automations and control of your home using voice activation and mobile technology.

ATMOSPHERE

Create the mood. Dynamic scene setting with millions of colors strike up just the right atmosphere. Tone the room, dim the lights, own that personal space! Combine color changing products, light settings, groupings and electronics to personalize the moment.
CONVENIENCE

Set up your home to transition with your daily activities. Adjust the intensity of light to coincide with a task. Make certain your lights are off when you leave. Schedule your light so you return in the evening to a safe and well-lit home. You can voice activate lighting in an emergency.

WELLNESS

When you wake, set your lighting to gently follow the sleep/wake cycle, correlate color temperatures to adjust with natural daylight, match your lighting to seasonal patterns. Natural and human centric lighting are thought to enhance wellness and positivity.
STARFISH™ SMART BULBS

STARFISH™ standard and filament general service light bulbs enhance daily living by connecting your home’s existing lighting to your daily routine.

Add convenience, space, fun, mood and even a helping hand with bulbs that fit into everyday lamps and fixtures.

Just replace your regular bulbs with our smart bulbs and connect them with the STARFISH™ app.

With STARFISH™ your home is now a helpful part of your life.
WI-FI A19 LED RGB & TUNABLE WHITE BULB

LED A19 Color Changing and Tunable White Bulbs replace standard medium base lamps with smart technology adding dynamic color changes and toning whites from warm-to-cool light.

Control dimming, RGB changes and CCT from 2700-5000K with the STARFISH™ app. Energy efficient and suitable for damp locations.

STARFISH™ DIRECTIONAL RGB & TUNABLE LIGHTING

STARFISH™ directional bulbs for downlight and track fixtures can define and accent spaces, transforming rooms throughout the day.

Vary the light intensity to define areas, create ambience and enhance decor. Use tone to change the warmth of the light to suit the moment, add colors to create some fun.

The benefits of directional lighting extend well beyond design. Illuminate larger areas at a moment’s notice to safely brighten a path or schedule routines that mimic life when you are away.

STARFISH™ is lighting the smart way!
WI-FI BR30 LED RGB & TUNABLE WHITE REFLECTOR LAMPS

Color Changing and Tunable White Reflector Lamps fill a room and brighten a space, add a layer of comfort, or create a vibe using color variations and thousands of warm-to-cool whites.

Dimmable with STARFISH™ app. Suitable for damp location. ENERGY STAR® Certified. Enclosed Fixture rated.
